### DRIVING COURSES

We offer a comprehensive selection of driving courses tailored to meet various needs and preferences. Our offerings span from evasive and security driving to accident avoidance and high-performance driver education. Whether you require tactical-based driving instruction or prefer the thrill of motorsports, we have a diverse range of courses to cater to your specific requirements. Explore our programs to discover the perfect fit for your driving goals and aspirations.

### FIREARMS COURSES

We provide an extensive array of firearm courses designed for everyone, ranging from Tier-One units to individuals completely new to handling firearms. Our offerings include specialized courses such as private and women-only classes, concealed weapon permit training, CQB, individual movement techniques, and various other specialized programs. Our cadre comprises experienced professionals from diverse backgrounds, including special forces, SWAT, and individuals certified by the NRA and DCJS. Rest assured, our team is equipped to deliver top-notch training tailored to your specific needs and skill level.

### SPECIALIZED COURSES

Our training services encompass a comprehensive range of skills necessary for close protection teams and personal security officers. From motorcade operations to actions on contact, protection formations, and security details, we cover all essential aspects. Our offerings extend to specialized training such as anti-terrorism force protection for military units both stateside and in forward-deployed locations. We provide instruction in surveillance detection, counter-surveillance training, vehicle searches, and counter-improvised explosive device (IED) detection and identification. Our programs are meticulously crafted to equip individuals with the expertise needed to navigate diverse security challenges effectively.
